HISTORICAL

PIASA CHAUTAUQUA is located less than 40 miles from St. Louis, in a beautiful valley, between high, massive bluffs, with the great Mississippi serving as a guard in front and the almost unexplored forest at the back, one of nature's most picturesque spots, unknown to thousands, but dear to those who have enjoyed its beauties and regained health from its wonderful springs, its clear, pure air, delightful cool nights, beautiful scenery, outdoor amusements, boating, swimming, fishing, bathing, lawn tennis, croquet, baseball, etc.

Piasa Chautauqua is located on the east bank of the Mississippi River, ninety minutes' ride from St. Louis, with frequent trains and boats at low rates. It is accessible from all points and within the means of all

who take a summer outing or vacation. The business man can live at Chautauqua and be at his business during the day without loss of time or increase in living expenses. The reasonable prices at which cottages are rented, the hotel accommodations furnished and the very low rates offered by the railroads and steamboats make this possible.

The man who can only take a day or two from business, or possibly be away over Sunday only, does not wish to put in all of his time getting to and from his resting place, and he, with the longer vacation, may not care to spend all of his entertainment fund in transportation. He can avoid this by going to Piasa Chautauqua.

A REGION OF ROMANCE

POETS and story tellers have found in the Mississippi River palisades, especially about Piasa Chautauqua, a rich field of legend and romance. Here was the home of the Piasa bird, that struck terror to the heart of the aborigine and whose counterpart, carved in the mighty rocks, was the target for the arrows of every passing Indian. Marquette, the intrepid priest, more than two centuries ago, wrote in raptures of the grandeur and beauty of the scenery, and the intervening years, with man's achievements, usually so defacing, has detracted none from the surroundings.

Legend has no finer tale than the killing of the Piasa, which, half bird, half beast, with frightful talons, made its home in a cave in Piasa Bluffs. At night it slept, but in the daylight it went forth to seek its human prey. Old Ouatoga, the chief, determined to sacrifice his own life if necessary to save his people from extinction. Concealing his warriors at night, he stood on the shelf of rock by the monster's cave waiting for the day. At dawn the Piasa came forth, saw its prey, rose in the air and with a great cry swooped toward the chief, only to receive a dozen arrows in its body from the ambushed men, then fall, silent forever, over the bluff and be lost in the Father of Waters. Ouatoga was saved from harm and the terror of his people had passed.

There is no longer a Piasa, only the quiet of a great valley, the soft refreshing breezes of summer and the glorious paintings of nature, all singing the song of rest and peace at Piasa Chautauqua.

THE INN, FROM THE STATION

HOTEL ACCOMMODATIONS.

Hotel accommodations are ample and the rates reasonable.

The "Inn," located near the entrance, is a large, magnificent hotel with 200 rooms, strictly up to date in every detail.

The Chautauqua Hotel, located near the center of the grounds, close to the spring.

The Hotel Roades, located near the entrance, with good accommodations and reasonable rates.

Numerous boarding houses at different parts of the grounds, where good accommodations can be had at satisfactory rates.

For further particulars regarding hotel rates, address Mr. M. Edwin Johnson, 532 North Tenth street, East St. Louis, Ill., until June 1st, after that date at Chautauqua, Ill.

PIASA SPRING WATER.

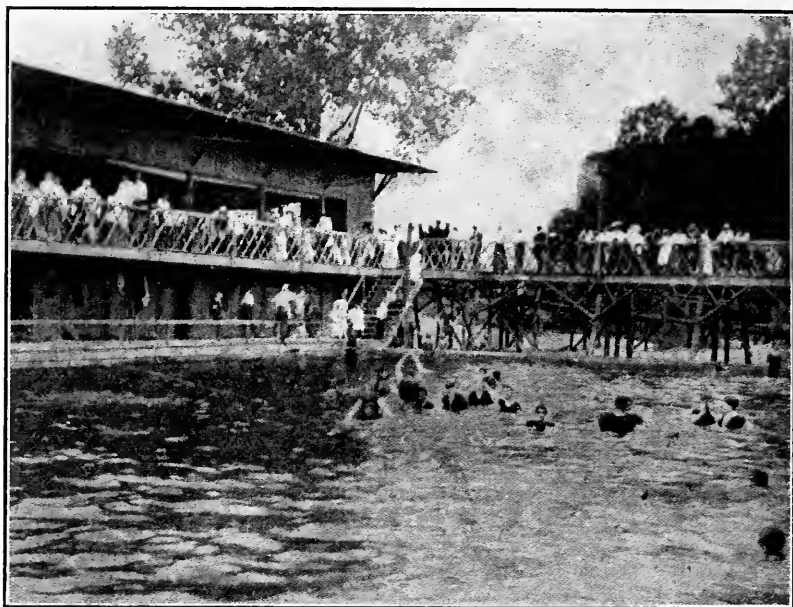

The Hotel, Cottages and Swimming Pool are all supplied with the great health-giving Piasa Spring water, an analysis of which shows it to be almost identical with the famous Eureka Springs water.

The water is clear, cool, soft, pleasant and palatable. Purity is its greatest quality. There is not the slightest taint of mineral or other foreign substance in its taste. Pure water is nature's greatest solvent; it is the principal factor in healthy digestion, assimilation and excretion. Unadulterated with minerals or drugs of any kind, it is the greatest tonic of all waters. Pure natural spring water will kill germs which will live in distilled water.

It is hard to realize that water which possesses only the innate quality of being pure, can perform the remarkable cures attributed to the spring water, but if you doubt it, the proofs are at hand. The theory is that the water, being so pure, cures by filtering through the tissues of the body and washing out impurities which clog the canals.

ANALYSIS OF PIASA WATER—After a preliminary examination of the water of the spring at Chautauqua, conducted by the Columbus Laboratories of Chicago, at the instance of the Chicago Clinic and Pure Water Journal, Dr. George Thomas Palmer, editor of that journal, declares the water one of remarkable purity, free from all evidence of contamination, and giving promise of being of more than ordinary medicinal value. In this connection, Dr. Palmer says, in the Clinic and Pure Water Journal: "The preliminary analysis indicate that this is a water which will be of value to those in whom elimination is deficient, and in the many conditions incidental to faulty action of the digestive tract and the kidneys. The completed analysis will, to a large extent, determine the medicinal value. The sanitary analysis is complete, however, and indicates beyond peradventure that Chautauqua possesses a water of perfect purity, and one that is free from all organic or contaminating material."

The water of the Piasa Springs is supplied by the water system to all parts of the grounds, and to many of the cottages, at a nominal charge.

THE SWIMMING POOL.

What more attractive feature could be suggested for a summer resort than the great Chautauqua bathing pool? The pool is constructed of concrete, is about one hundred and seventy-five feet long, seventy feet wide and varies in depth from two feet at the entrance to eight feet at the opposite end. Depth at different points is plainly indicated by large figures, and the increase is so gradual that there is no danger for those who cannot swim, while the swimmer has room to enjoy as long a dash as is usually desired. An expert is in constant attendance to assist those who may wish to learn to swim. Watching the bathers is one of the favorite pastimes of those who do not desire to take a plunge in the pool.

Steam pipes are run through the water and keep it at a comfortable temperature at all times. The pool is brilliantly lighted with electric lights, and with the water heated, bathing will be enjoyable during the evening as well as the day. There are spring boards, tubs, ropes, etc., affording a variety of water amusements.

Private dressing rooms and bathing suits can be had at reasonable prices.

A refreshment stand is operated in connection with the pool where ices, light refreshments and cooling drinks can be had. No intoxicants are sold.

VESPER SERVICES ON THE LAWN IN FRONT OF AUDITORIUM

**RELIGIOUS AND EDUCATIONAL DEPARTMENT.
DEVOTIONAL SERVICES.**

8 to 9 A. M. daily, at the Auditorium, throughout the Assembly. We wish to begin each day in this delightful atmosphere with song and prayer. We rejoice in the deep spirit of devotion which has in former years permeated this department, and we trust and predict that the spirit of evangelism will this year be greatly intensified.

ASSEMBLY SUNDAY SCHOOL.

9:30 to 10:30 A. M. each Sunday in the Auditorium, under the direction of C. E. Freeman, Superintendent. Lesson helps and Sunday School literature will be furnished and the many classes will be supplied with able and competent teachers.

PREACHING SERVICES.

11 to 12 A. M. each Sunday morning in the Auditorium. The leading speakers of the country will officiate.

VESPER SERVICES.

5 to 6 P. M. Sunday on the lawn in front of the Auditorium. Prominent speakers in charge.

SACRED CONCERTS.

8 to 9 P. M. Sunday in the Auditorium, with soloists, choruses and instrumental music. This was one of the prominent features of Chautauqua last year.

BIBLE CLASS.

11 to 12 A. M. daily except Sunday in the Auditorium. The Rev. Dr. Hicks, who was so popular as a Bible teacher last year, and others will conduct this class during the Assembly season.

KINDERGARTEN.

9 to 10 A. M. each day except Sunday in the Auditorium, Miss Emma C. Clerc, of St. Louis, in charge. Miss Clerc is recognized as one of the best kindergarten teachers in the country. This will offer a rare opportunity to children to be both entertained and instructed. Children under 12 years of age should enroll the first day of the organization of the Kindergarten class, which will take place Monday, August 1st.

A PART OF THE 1909 BOYS' CLUB IN ONE OF THEIR EXERCISES

BOYS' CLUB.

9:30 to 11:30 A. M. each day except Sunday at the Base Ball Grounds, and they will also meet for afternoon athletics at the call of the Director, Mr. O. A. Solomon, Physical Director of the Alton Y. M. C. A., who will have charge of this department. Mr. Solomon was trained in the best schools of New York, and we predict that this department will be the best in the history of the Piasa Chautauqua.

GIRLS' CLUB.

9 to 11 A. M. each day except Sunday at the Girls' Tent, in White Walnut Grove, Miss Flora B. Dawson in charge. Miss Dawson, who so successfully organized this department last season, returns to conduct it again. She has planned some interesting and profitable work in physical culture, which will comprise both the beneficial and the artistic, also fancy drills, marches, Indian clubs, dumb bells, and wand exercises. Parents are urged to give their children the advantage of this excellent environment and culture, and their co-operation is invited in securing an early enrollment of members, as tardy enrollment retards progress. Miss Dawson hopes to make the Girls' Club second to none, and to help them to enjoy it better and derive more benefit from it than ever before. She, with her girls, will have charge of one of the evening programs, which last year proved one of the best during the Assembly. She makes poetry out of physical exercises. We predict that this department will be the best in the history of Chautauqua.

MR. CLARENCE L.
BURGDERFER

MR. O. A. SOLOMON
Director of the Boys' Club

MR. CLARENCE L. BURGDERFER,

The man with the smile worth while. Born funny; born with an innate desire to amuse people; at the age of ten managing his own circus in the barn, admittance ten pins, the family cat and the dog making up the menagerie; in school recognized as an authority on the manufacture of paper wads and a warm debater with his teachers, always taking the negative side, and never conquered except by the faith cure, i. e., the laying on of hands. His first appearance as a sure enough "funny fellow," taking real money, was when he began traveling with the Hillsdale College Glee Club, the college that produced the famous poet, Will Carleton. Three years with this company made Burgderfer big enough to star alone. He has appeared at scores of the leading educational institutions all over the United States, at over 50 of the largest Chautauquas, and on hundreds of the best lecture courses, and from every section of the country committees report him the greatest fun maker ever on their programs.

Laurant, the man of many mysteries, presenting new, original mystic creations in magic and illusions. In presenting to Piassa Chautauqua the talented magician, Laurant, we feel assured we are offering the most

novel, artistic and marvelous attraction of its character now before the American public. No praise on our part is necessary, as the scores of flattering letters, press notices and testimonials we have received throughout the United States are unquestionable proof of the excellence of the artist's work. Mr. Laurant has appeared before and delighted the most cultured audiences on the best lyceum courses in the United States. He enjoys an enviable reputation, only attained after years of hard work, constant, te-

dious practice, and continual study and research of his mystic art. Realizing the continual demand of the public for something new, artistic and refined, we have secured this attraction. He has justly earned the title of "The Man of Many Mysteries."

THE HRUBY BROTHERS

ever offered. It is a company born and not made—five brothers ranging from fourteen to twenty-four; young men of the very best habits, talented and with charming personalities, playing sixteen solo instruments and giving a most varied program. They are the sons of Frank Hruby, Sr., who is noted as a clarinetist all over the world, having held positions in the largest cities of both hemispheres and being at present director of the Great Western Band. All these boys are born musicians, and have studied music since they could hold an instrument. Several of them have also held splendid positions in some of the best bands and orchestras.

This musical attraction introduces the greatest novelty ever presented to the public, giving quintets, cornet solos and duets; chamber music with the violin, 'cello and piano; introducing vocal quartets with their instrumental music and an unusual number in duet between clarinet and cornet. For a novelty, they give descriptive numbers, such as "The Mechanical Orchestra" and impersonations of Sousa, Creatore and others.

ARTHUR J. FISCHER,

Impersonator.

MR. FISCHER has met with unusual success in giving plays in monologue form before large audiences because he "knows how."

Without the aid of wigs, costume or make-up he depicts all the characters in a play with such artistic skill and naturalness that the platform seems peopled with the various characters, and the audience sees the play as vividly as though acted out by a company of players with the advantage over a stage production in that it is free from any false theatric atmosphere.

Mr. Fischer's impersonation is effective because it is not an exhibition of mechanical expertness alone in portraying the facial expression, tone of voice, gestures and carriage, as he seems to "get into the skin of the characters," as it were, thereby clearly presenting to his hearers the mentality of each one of his "company of invisible players."

His programs are both entertaining and worth while, as he believes that it is not necessary to give silly, nonsensical selections to be entertaining. There are any number of "readers" abroad in the land who can make an audience laugh, but few who can make them laugh and think.

Altogether, Mr. Fischer furnishes a delightful evening—fun without foolishness—improvement, without preachiness.

Charles R. Taggart, Entertainer.

To the People of Piassa Chautauqua: If you are contemplating spending an evening with me, I can assure you that I shall be delighted to see you and I trust we shall enjoy ourselves to the fullest extent. My aim is neither to teach nor preach, to advise nor lecture; I shall not seek to give you information on any special subject nor to influence your minds in any particular direction. If I can turn your pain into pleasure by music, your worries into wonderment by mimicry, and your sadness to smiles by humor—in short, if I can succeed in lifting the cares and burdens from your life, for one evening only, my purpose will have been accomplished.

Cordially yours,

C. R. TAGGART.

He peoples the stage with his sketches, he impersonates, he depicts the humorous, the picturesque and the beautiful; he plays upon the piano, he sings, he introduces comedy, also sentiment; he holds the attention closely to the end, then stops.

Charles Howard Plattenburg.

Worms Beneath the Bark. In this lecture Mr. Plattenburg deals sledge-hammer blows at existing evils in modern society. This lecture has been given in many states and has everywhere given universal satisfaction and is recommended for his first appearance on any course.

Mr. Plattenburg is a born orator and has scored many triumphs upon the platform. He is highly educated, is

a student and philosopher, has traveled extensively, has had large contact with his fellows both at home and abroad, is full of the milk of human kindness, fully appreciates the sublime and humorous and paints in beautiful and eloquent language, alike, the serious and frivolous things of life. He is always high minded, instructive, entertaining and well worth the time of all who appreciate a really good lecture.

JOSEPH K. GRIFFIS.

The story of Tahan, the White Savage, and of the Red Man as told in the poetic, picturesque eloquence of the Indian and the perfect English of the white man, is Homeric in its simplicity and strength. It is rich in plots for a story stranger than fiction; abounds in scenes for a great drama; glows with pictures for a painter's canvas, and is fraught with interest for the psychologist, ethnologist and moralist, and for the great throngs who hear him has all the fascination of a thrilling romance.

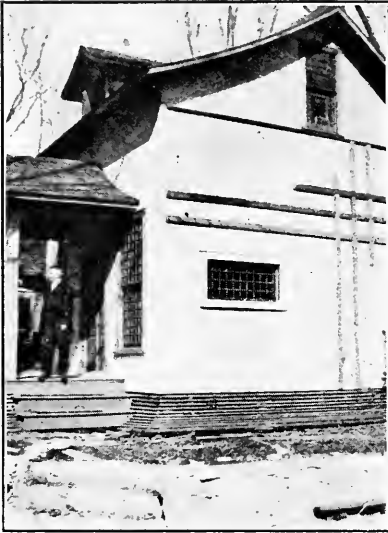

APOLLO QUINTETTE.

The Apollo Quintette and Bell Ringers is offered in response to a persistent call from the most experienced and discriminating public for a company of strictly high-class musicians and entertainers, capable of putting on a program of great variety and superior quality. A careful consideration of the personnel of the company, their long and successful concert experience, the instrumentation (which includes legitimate instruments only) in solos and splendid ensemble work, the vocal selections, readings, etc., is proof that the Apollo Quintette and Bell Ringers are attracting large audiences and pleasing them greatly. The press of many of the best cities of this country uniformly attest the splendid satisfaction given by their entertainment to crowded houses.

BOATING AND FISHING.

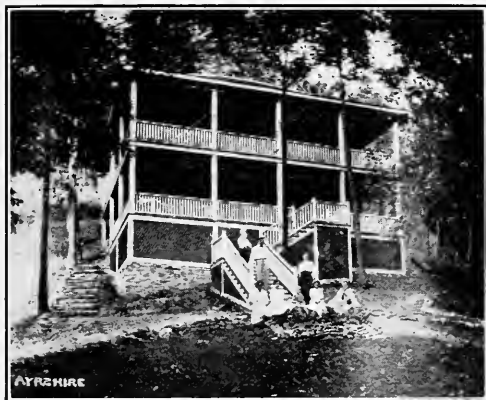

The Mississippi River is over one mile wide at Chautauqua, affording excellent opportunities for boating. The fishing is also good. Launches, row boats, fishing tackle, etc., can be had at boat landing. There are also many enjoyable short excursions on the river, launches or larger boats making excursion trips to Grafton, or short distances up the Illinois River or to the mouth of the Missouri River.

LOOKING DOWN JERSEYVILLE AVENUE

The children always enjoy Chautauqua. Not only is it a place of pleasure for them, but it is one where they can profit both mentally and physically. The clubs and various sports will keep them interested, and the panorama of the river, with its passing boats, is always an attraction; the great swimming pool is of such depths that they can enter it without the least danger; swings, games, etc., will keep them busy, and the kindergarten will care for the little tots. an abundant supply of fresh vegetables throughout the entire season. Fresh butter, milk and eggs are supplied by the farmers of the neighborhood at very reasonable prices. Two refreshment pavilions are open—one at the main entrance, and the other near the auditorium—where lunches, ice cream, fruit and confectionery are sold. A number of furnished cottages can be rented for all or a part of the season, at from \$50 to \$125 for the entire season, and fine lots and platforms for tenting, can also be rented. In every way Chautauqua is an ideal place and accommodations are obtainable at prices to suit all purses. Telephone and telegraph communication can be had with all parts of the country. Only licensed and trustworthy dealers are admitted to the grounds. Mails are received and sent out three times a day, except Sunday. Have your mail addressed to Chautauqua, Ill.

THE COST OF LIVING

Expenses at Chautauqua are made as small as possible, thus placing an outing on the grounds within the reach on all. Besides the hotel there are many private boarding houses and cottages where guests can obtain rooms and board, or rooms and accommodations for light housekeeping.

The store will be open throughout the season, and all kinds of groceries, fresh fruits and vegetables, meats, bread and cakes can be had at prices as low as those of a city. The gardeners have

WEEK END TRIPS.

Not every one can take a vacation. Some of us are chained to the desk no matter how uncomfortable the weather. The only relief from the city, when the streets become like hot Arizona canyons, and the nights forbid sleep, is the Week End trip. From Saturday noon to Monday morning to find a spot near to nature's heart, to revel in the pure air of all out-doors and go back to work with a new lease of life, is the thing. The question of where to go is solved by Piasa Chautauqua. Ninety minutes after leaving St. Louis, the office-tired man or woman finds perfect rest and content, simple pleasure and amusements, and a bed where blankets are always necessary, so cool are the nights at Piasa Chautauqua.

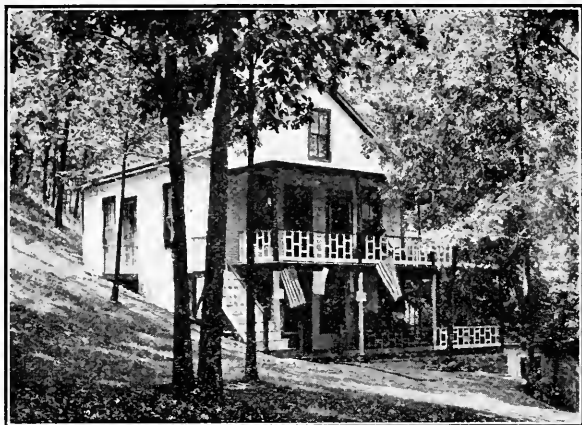

SHORT TRIPS FROM CHAUTAUQUA.

Many beautiful and interesting spots can be reached by short trips from Chautauqua, which can be made on foot or by boat. Among these are the Jerseyville Road, with its wealth of wild flowers, Nugent's Bluff, Elsah, Portage des Sioux, Grafton, Babb's Hollow, Fern Valley, Illinois River, Alton, Jerseyville, Lover's Leap, and the Indian Mounds. An outing among the Piasa Bluffs is one which will always be remembered with pleasure. Piasa Chautauqua is situated in the most picturesque part of the Mississippi Valley, filled with romance and folklore of long ago, and every spot is interesting.

NEW BRIDGE LEADING FROM STATION
TO ASSEMBLY GROUNDS

Leading from the Railroad Station at Chautauqua are two beautiful rustic bridges; the one to the left takes you to the "Inn," while the other lands you on the Assembly grounds of the Piasa Chautauqua.

The Assembly grounds include over three hundred acres, all well shaded and with trim gravel drive-

ways and walks leading to the hundreds of beautiful cottages, which are the summer homes of people from points far and near. The grounds are well lighted and supplied with running water from the great Piasa Spring. There are grocery and other stores on the grounds, also lunch counters, barber shop, cigar stands, hotels, boarding houses, etc.

The program is made up of a most enjoyable series of entertainments, some new and attractive feature being provided each day. The Assembly is conducted on the same lines as the parent Chautauqua. The program includes lectures by the most prominent lecturers of the day; sermons by eminent divines, concerts, magic, moving pictures, classes in music, domestic science, kindergarten, also Bible, elocution and Nature study, W. C. T. U. conferences, etc. A large auditorium is located in the center of the grounds, where the entertainments are given. Near this Auditorium is the wonderful Piasa Spring.

ATHLETICS ON LAND AND WATER

Greater interest is being taken each year in Athletics and outdoor sports, and all who are interested in physical development will find this Department at Piasa Chautauqua to their liking. It will be in charge of Mr. O. A. Solomon, Physical Director of the Y. M. C. A. at Alton, Ill.

There will be a daily program for boys in the morning from 9:30 to 11:30, which includes calisthenics, games, swimming, etc.

Saturday mornings will, perhaps, be devoted to an observation trip, with some competent person to lecture on such subjects as present themselves.

The afternoons, for seniors, will include athletics, baseball, games, boat races, etc. The aquatic sports will be of great interest to the public.

There will be land races, such as a fat men's race, three-legged race, sack race, wheelbarrow race, etc., which will be entertaining.

The great swimming pool will also play an important part in this Department, as well as the fleet of boats and launches, which has been greatly increased this season.

Prizes will be awarded to those who are winners in the events of the different tournaments.

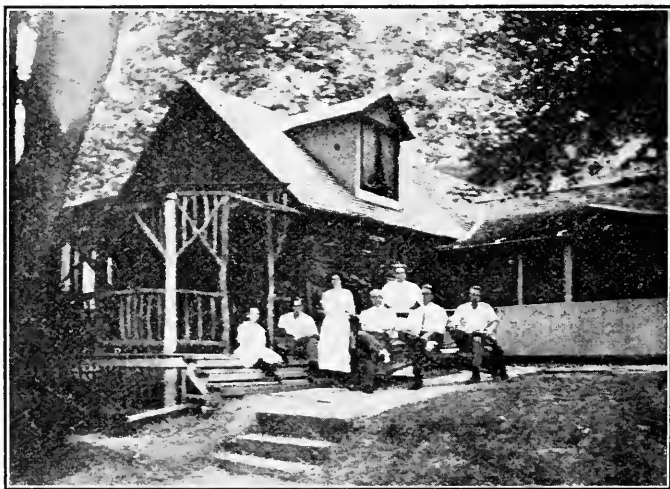

Splendid grounds have been prepared for tennis, croquet, roque, etc., and facilities will be afforded for daily contests in these games.

SUMMER HOMES OF CHAUTAUQUA

Plasa Chautauqua in the Summer Assembly season stands primarily for the simplicity and naturalness of Christian living. It is built on the faith that unaffected, straight-forward religion makes a life neither sanctimonious nor fanatical, but simple, normal, vital, free and glad.

Plasa Chautauqua aims, therefore, to realize such a community as religion of that sort creates. In its independent environment it presents a concrete picture of social Christianity, applied not in any Utopian scheme, but in the everyday relations of neighbors dwelling wholesomely together on principles of Christian good will.

In an atmosphere as unconstrained as the atmosphere of a good home, Plasa Chautauqua rejoices in all the spontaneous joys of family

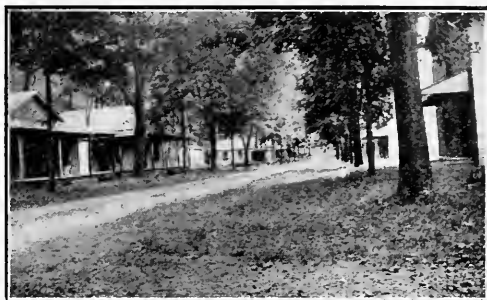

THE "LOG CABIN,"

and neighborhood life, enlarging the family sympathies to include the neighborhood and intensifying the neighborhood sense with much of common interest. Not as an addition to, but as an expression of the simple life it wishes to cultivate.

Plasa Chautauqua gives large place for recreations, amusements—downright fun. From the initial of religion Plasa Chautauqua reaches out for everything that is hearty, hale, whole and unpretentious, and finds itself still within the pale of religion interpreted by its own large ideals.

Whoever loves this comprehensive wholeness of life and despises the tacked-on conventionalities of artificial social standards—whoever prefers freedom and frankness—will be welcome at Plasa Chautauqua, and having come, will be glad for Plasa Chautauqua.

THE KINDERGARTEN

The Kindergarten at Chautauqua will commence Monday, August 1st. Classes, 9 to 10 a. m., each day, except Sunday, in the Auditorium. We hope to make it the best year in the history of the Assembly. Chautauqua is the ideal place for little children. Froebel said, "Come, let us live with the children." Here every one can enter into the spirit, for we are surrounded by nature, the hills, trees, flowers, spring and river, and what is more beautiful than God's Garden for the development of the child? We cannot emphasize the fact too much when we say again that the surroundings and general atmosphere of Chautauqua is ideal. The aim of the Kindergarten is to develop the child in his threefold relationship to God, Nature and Man. The children who have the opportunity to attend the Kindergarten will be benefited not only for the time being, but lasting impressions made, as they will have a clearer insight into nature and the beautiful things close at hand. The work will be made very interesting, and a regular program will be carried out. Songs and games taught and played. Stories told. Nature work. The children are assured of a general good time, and visitors are always welcome. The Kindergarten will be in charge of Mrs. Emma C. Clerc, of St. Louis, who successfully conducted the class for three years at Chautauqua. All children from four to six are urged to attend.

CONVENIENCES FOR VISITORS.

No small addition in the way of improvements are the Rest Rooms, No. 1,

THE LADIES' REST ROOM,

located between the Tennis Court and the Post Office, on the road leading to the Spring. It was built expressly for the accommodation of the ladies. It consists of a large sitting room furnished with comfortable chairs and some home decorations, the toilet room with lavatories, wash stands, mirrors and other conveniences.

The path leading to the door is bordered with the self-same flowers that so gracefully adorned the gardens of our grandmothers. A few morning-glories relieve the green, and the carpet of grass adds to the external appearance.

The other, known as the

"HOUSE OF PUBLIC COMFORT,"

Situated in the center of the grounds, where the grocery store formerly stood, is a two-story structure with a spacious reception room and fire-place on the first floor, supplied with the usual furnishings. Adjoining are the toilet rooms. The entrance to the ladies' rooms is from the reception room, the entrance to the men's toilet is from the porch. Modern sanitary plumbing is the prime feature in the construction.

The stairs lead from these to the bath rooms on the second floor. Hot water heaters are installed in each room, which will be especially appreciated. The barber shop is on the second floor. The barber will also have charge of the men's bath and toilet. The ladies' toilet will be in charge of a woman who will also have the management of the check-room, where packages may be left for a small fee.

A porch with tables and chairs will add to the comfort. Here the garden is confined to flower boxes which will decorate the porch. This improvement has been made possible by the liberal donations of cottage owners and friends, who, as well as all visitors, will enjoy the comfort for which it was intended. All are welcome. There will be a sales booth, where bath shoes, sun hats and toilet articles can be purchased. The proceeds will go to the Ladies' Civic Improvement Association.

H. R. Lemon, Physician, will be located in the Buckley Cottage during the entire season.

REST FOR THE DAUGHTERS OF INDUSTRY.

SUMMER REST, the resort that for many years has been successfully conducted by the Managers of the

ST. LOUIS WOMEN'S CHRISTIAN HOME,

(oldest branch of the St. Louis Women's Christian Association), has purchased one of the finest cottages in the beautiful grounds of Piassa Chautauqua, where it will be

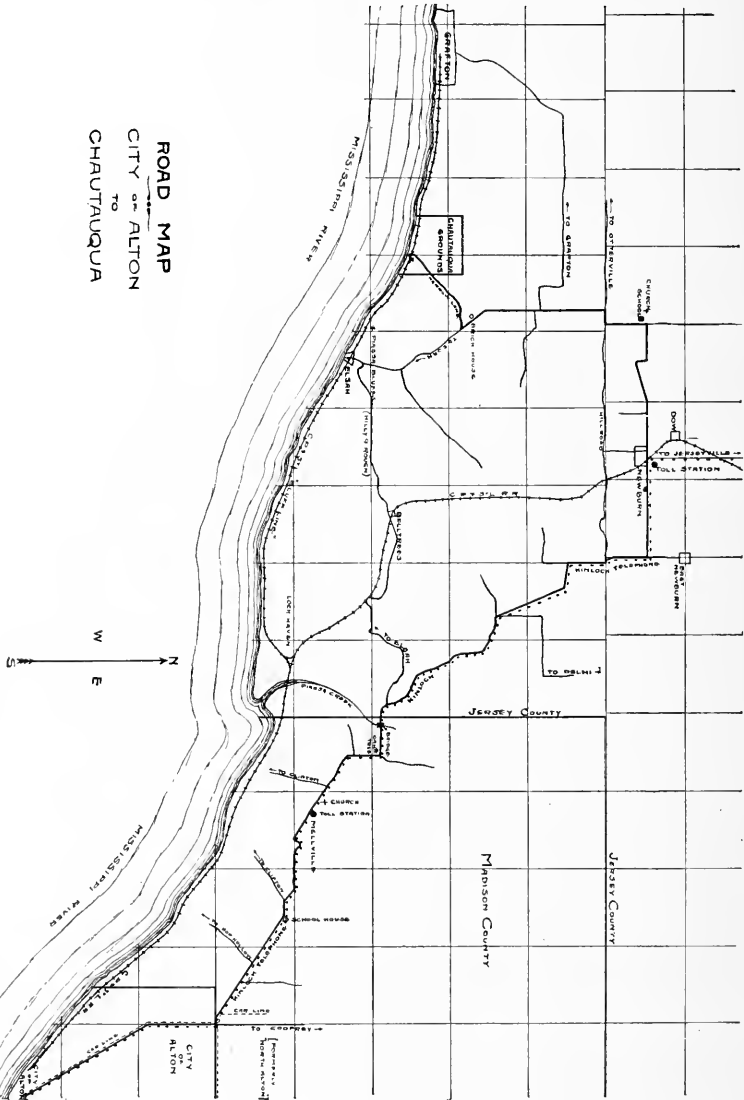

PERMANENTLY LOCATED,

and extends to the business women of our city a cordial invitation to "come apart and rest awhile" in this ideal summer resort.

Board \$3.00 per week; special terms when necessary. Inquire at Women's Christian Home, 1814 Washington avenue.
